Set a beautiful table for everyday or festive occasion. Using an elegant and high-quality tablecloth designed by manostiles.

Whether you're getting ready to do a Christmas dinner or just happen to be planning a brunch for this weekend, what's certain to impress both guests and family alike is a well-dressed table. And, a pretty table setting doesn't necessarily mean you need expensive china or silver. A stylish table setting can be as simple as using an elegant tablecloth, candles and a classic vase as a sculpture in the middle as centerpieces.

The elegant tablecloths comes in 3 sizes and 2 colors, black and white.
